

El Camino Tour 2026

We will do one simulation of this trip in 2026 with approximately 6 people. This will help us to be successful for future tours. The room situation is currently are biggest challenge.

The tour currently is designed as: a 100 kilometer (62.137 miles) walk, luggage to be delivered to each hotel, hotels will be 1 or 2 stars. No hostels.

In 2027, we hope to have 2 El Camino Pilgrimages with 12 people per group.

Those people that have shown interest in the El Camino Tour will be on an "El Camino List" and will be contacted for future offerings. If you would like to be put on the list, please email:
